H.2 Compliance with Law

Subcontractor agrees to comply with all applicable Federal, state and local laws in the conduct of the work hereunder. Subcontractor accepts full responsibility for payment of all taxes including without limitation, unemployment compensation insurance premiums, all income tax deductions, social security deductions, and all other taxes or payroll deductions required for all employees engaged by Subcontractor in the performance of the work authorized by this Subcontract.

H.3 Indemnification

Each party agrees to indemnify and hold harmless the other party, its directors, officers, employees, agents, and invitees, and the Agency from and against all liability, demands, claims, losses, costs, damages, and expenses, including but not limited to attorney's fees, by reason or on account of property damage, death, and personal injury of whatsoever nature or kind arising out of, as a result of, or in connection with the party's performance of this Subcontract that is occasioned by the willful or reckless misconduct, negligent actions, or omissions of the party, its employees, partners, agents, representatives, or its subcontractors or suppliers at any tier.

H.4 Termination, Default and Convenience

(a) **For Cause or Default.** Parallax may, by written notice of default, terminate this Subcontract in whole or in part, if Subcontractor fails to perform the authorized services within the time specified in this Subcontract or any extensions thereto. Parallax's right to terminate for default pursuant to items listed below, may be exercised if Subcontractor does not cure such failure within ten (10) calendar days (or more if authorized in writing by Parallax) after receipt of written notice from Parallax specifying the failure:

- (4) Failure to notify Parallax if it has a known conflict of interest.
- (5) Failure to meet its cost sharing requirements.

(b) Any such termination will be without liability to Parallax except for those services or deliverables that have been completed and accepted by Parallax, payment for which can be set off against damages incurred by Parallax due to Subcontractor's actions or inactions that form the basis of the cause for termination, including but not limited to, excess costs of re-procurement.

(c) **For Convenience.** Parallax may terminate this Subcontract in whole or in part if it determines that a termination is in its best interests or if the State of Ohio exercises its termination-for-convenience rights under the Contract. Parallax may terminate this Subcontract by issuing Subcontractor written notice of the termination, specifying the extent of the termination and the

effective date. In the event of termination, Parallax shall be liable only for payment of costs incurred for services rendered and accepted before the effective date of the termination.

H.5 Stop Work

- (a) Parallax may, at any time, by written order, require the Subcontractor to stop all, or any part, of the work called for by this subcontract for a period of 90 days after the order is delivered, or for a further period as agreed to mutually by the parties. The order shall be specifically identified as a stop-work order issued under this clause. Upon receipt of the order, the Subcontractor shall immediately comply with its terms and take all reasonable steps to minimize the incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of 90 days after a stop-work is delivered to the Subcontractor, or within any extension of that period to which the parties shall have agreed, the Parallax shall either:
- (1) Cancel the stop-work order; or
 - (2) Terminate the work covered by the order as provided in the Default, or the Termination for Convenience clause of this Subcontract.
- (b) If a stop-work order issued under this clause is canceled or the period of the order or any extension thereof expires, the Subcontractor shall resume work.
- (c) If a stop-work order is not canceled and the work covered by the order is terminated for the convenience by Parallax, reasonable costs resulting from the stop-work order may be considered in arriving at the termination settlement.

- (a) The parties agree to timely notify each other of any claim, dispute, or cause of action arising from or related to this Subcontract, and to negotiate in good faith to resolve any such dispute whenever possible. If any dispute arises under this Subcontract, the parties will hold a meeting attended by at least one Corporate Executive from each party. The meeting will be held within fourteen (14) days of either party requesting such a meeting. Such meeting shall be held telephonically if travel is impracticable for either party. The meeting will be an attempt to negotiate a good faith resolution to the claim or dispute. The Executives will have the power to negotiate on behalf of the parties and will be authorized to settle the dispute. Any statements or representations made in such a meeting will be for purposes of settlement only and will not be admissible as evidence in court. Any written settlement agreement executed by the parties shall be admissible in court.
- (b) After the initial meeting, the Corporate Executives may agree to a further meeting or meetings. The parties will choose a mutually agreeable mediator and will share the costs of the mediation equally.
- (c) If the parties are unable to resolve their dispute through negotiation or mediation, then either may institute an action against the other in a court of competent jurisdiction in Dayton, Ohio. Such action must be commenced with sixty (60) days after the completion of the mediation or any claim is irrevocably waived. Parallax and Subcontractor each waive any rights that either party may have to trial before a jury on any dispute arising from or related to this Subcontract.
- (d) Nothing in this Article shall preclude either party from filing an action in court at any time for injunctive relief to prevent injury involving the use or disclosure of the other party's intellectual property rights for which monetary damages would be inadequate.
- (e) Pending any decision, appeal or judgment referred to in this provision or the resolution or settlement of any Dispute, Subcontractor shall proceed diligently with the performance of the Subcontract and any task orders issued hereunder as directed by Parallax in writing.

H.10 Limitation of Liability

To the maximum extent permitted by applicable law, in no event shall Parallax or Subcontractor be liable to the other for any special, incidental, consequential, or any other type of indirect damages arising out of or related to this Subcontract, or the breach of any terms thereof, under any theory of law or equity, even if that party has been advised of the possibility of such damages. This limitation precludes the recovery of loss of use, lost income, lost or anticipated business profits, business interruption, loss of business information, loss of goodwill, or lost revenue or business. In the event of a breach of this Subcontract, it is agreed that the remedy for Subcontractor shall be limited to recovery of its costs incurred in connection with its performance efforts under the Subcontract.

Subcontractor shall retain such records for four (4) years from final payment of this Subcontract.
- (b) At any time prior to the final payment, Parallax may request a Government audit or to appoint an independent, mutually agreed to third party to audit information pertaining to Subcontractor's invoicing, including individual daily timecards, invoices for materials or other direct costs, expense reports, and other supporting documents. Previous payments shall be subject to reduction to the

extent Subcontractor cannot substantiate costs that were billed and not properly payable under the terms of this Subcontract.

H.12 Assignment/Subcontracting

Neither party shall assign its rights, duties, or interest in this Subcontract without the written consent of the other.

Subcontractor agrees not to subcontract work without prior written consent from Parallax Contracts Manager, except for the purchase of standard commercial supplies and services required to complete the SOW, or with project team members included in the submitted proposal, which are listed as follows:

[Project Team: TBD]

Parallax reserves the right to request a copy of any of the above policies to verify that they meet these criteria. Subcontractor shall provide Parallax thirty (30) days advance written notice prior to the effective date of any cancellation or change in the term or coverage of any of Subcontractor's required insurance, provided however that such notice shall not relieve Subcontractor of its obligations to procure and maintain the required insurance. "Subcontractor" as used in this clause shall include Subcontractor's subcontractors at any tier.

H.14 Export Controlled Data

- (a) Definition. "Export-controlled items," as used in this clause, means items subject to the Export Administration Regulations (EAR) (15 CFR Parts 730-774) or the International Traffic in Arms Regulations (ITAR) (22 CFR Parts 120-130), and items controlled under the export control laws implemented by the Department of Energy and Nuclear Regulatory Commission. The term includes:
 - (1) "Defense items," defined in the Arms Export Control Act, 22 U.S.C. 2778(j)(4)(A), as defense articles, defense services, and related technical data, and further defined in the ITAR, 22 CFR Part 120.
 - (2) "Items," defined in the EAR as "commodities", "software", and "technology," terms that are also defined in the EAR, 15 CFR 772.1.
- (b) The Subcontractor shall comply with all applicable laws and regulations regarding export-controlled items, including, but not limited to, the requirement for certain manufacturers and exporters to register with the Department of State in accordance with the ITAR. The Subcontractor shall consult with the Department of State regarding any questions relating to compliance with the ITAR and shall consult with the Department of Commerce regarding any questions relating to compliance with the EAR, including, when necessary, obtaining commodity

jurisdiction rulings to determine the proper export control classification of items. This contract is funded by the State of Ohio and not by the Department of Defense. The Subcontractor agrees to notify Parallax in writing if any goods, services, or information under this contract is or becomes subject to export control laws or regulations.

- (c) U.S. export control laws restrict not only physical exports of commodities, but also transfer of controlled technical data to foreign persons, whether in the United States or abroad. Under U.S. export control laws, a “U.S. Person” is defined as any U.S. citizen or any person who is a lawful Permanent Resident and a “Foreign Person” is any individual who is not a lawful Permanent Resident or U.S. Citizen. A temporary work or student visa does not provide an individual with U.S. Person status for export control purposes. As a general rule, all funded participants in the OFRN Program must be U.S. Persons unless the partner organizations—AFRL, NASIC, NAMRU-D or NASA-GRC—permit Foreign Persons to participate pursuant to their Export Control policies and procedures. It is the obligation of the Subcontractor to ensure compliance with the applicable partner organization’s export control policies and regulations. If the Subcontractor intends to involve a Foreign Person in any capacity—regardless of whether located in the U.S. or abroad—the Subcontractor shall give notice to Parallax and seek specific authorization from the relevant partner organization prior to transfer of any technical data to the Foreign Person.
- (d) The Subcontractor represents that neither it nor any parent, subsidiary or affiliate is included on any of the restricted party lists maintained by the U.S. Government, including the Specially Designated Nationals List administered by the U.S. Treasury Department’s Office of Foreign Asset Control (“OFAC”), Denied Parties List, Unverified List or Entity List maintained by the U.S. Commerce Department’s Bureau of Industry and Security (“BIS”), or the List of Statutorily Debarred Parties maintained by the U.S. State Department’s Directorate of Defense Trade Controls (collectively “Restricted Party Lists”). Subcontractor shall immediately notify Parallax if it or any parent, subsidiary or affiliate becomes listed on any Restricted Party List or if Subcontractor’s export privileges are otherwise denied, suspended or revoked in whole or part by any U.S. government entity or agency. Subcontractor shall also immediately notify Parallax upon learning that any lower tier subcontractor with which it engages has become listed on the Restricted Parties List.
- (e) The Subcontractor’s responsibility to comply with all applicable laws and regulations regarding export-controlled items exists independent of, and is not established or limited by, the information provided by this clause. Nothing in this contract adds, changes, supersedes, or waives any of the requirements of applicable Federal laws and regulations, including but not limited to—
- (1) The Export Control Reform Act of 2018 (50 U.S.C. 4801, et seq.);
 - (2) The Arms Export Control Act (22 U.S.C.2715, et seq);
 - (3) The International Emergency Economic Powers Act (50 U.S.C. 1701, et seq.);
 - (4) The Atomic Energy Act of 1954 (42 U.S.C. 2011, et. seq.)
 - (5) The Export Administration Regulations (15 CFR Parts 730-774);
 - (6) The International Traffic in Arms Regulations (22 CFR Parts 120-130);
 - (7) The Export and Import of Nuclear Equipment and Materials Regulations (10 CFR Part 110); and
 - (8) The Foreign Asset Control Regulations (31 CFR Part 500).
- (f) The Subcontractor shall include the substance of this clause, including this paragraph (e), in all subcontracts.

For NASA-GRC sponsored research, funded participants must comply with the NASA-GRC export control and foreign national collaboration summarized below.

- (a) NASA-GRC Rules on Transferring Export Controlled information:

- (1) The sharing of technical data under the International Traffic in Arms Regulations (ITAR) or the sharing of technology under the Export Administration Regulations (EAR) with foreign entities is an export.
 - (2) NASA-GRC will transfer export-controlled information to a foreign entity provided NASA-GRC has a legal obligation to do so (Ex: international agreement, contract, MOU, etc.).
 - (3) Approval by the cognizant NASA-GRC Center Export Administrator (CEA) is required prior to exporting technical data or technology to a foreign entity.
 - (4) If there is a Space Act Agreement, a corresponding export license, or license exemption or exception in-place allowing for the sharing of export-controlled technical data/technology, the CEA will verify that the export request meets the exact parameters in those documents.
 - (5) Upon the CEA's approval, the technical data or technology can be exported per the terms and duration of the authorization.
- (b) NASA-GRC General Rules on Transferring Publicly Available Information
- (1) NASA-GRC can work with a foreign national employed by the external partner on a contract, grant, or space act agreement without restriction provided that the technical data/information that is exchanged is deemed to be publicly available or fundamental research and provided that the foreign national is not from a designated country.
 - (2) NASA-GRC refrains from working with foreign nationals from designated countries even if the technical data or technology is publicly available or deemed to be fundamental research.
 - (3) A foreign national who is a Lawful Permanent Resident is deemed to be a U.S. Person and NASA-GRC can work with that individual relative to technical data and technologies that are export controlled. The LPR can have access to export controlled technical data and technologies on a need to know basis.

H.15 Non-Solicitation

H.19 Non-Waiver of Rights

None of the provisions of this Subcontract shall be considered waived by either party unless such waiver is given in writing to the other party. The failure of any party to insist upon strict performance of any of the Subcontract terms and conditions, or failure to delay or exercise any rights provided herein or by law, shall not be deemed a waiver of any rights of any party.

H.20 Public Release of Information

All correspondence and communications between Parallax and Subcontractor related to this Subcontract shall be directed to the Parallax Contracts Manager.
- (c) Except as otherwise provided herein, all notices to be furnished by Subcontractor shall be sent to the Parallax Contracts Manager.

This Subcontract constitutes the entire subcontract between the parties concerning the subject matter and supersedes any prior understanding or written or oral subcontract relative to this matter.

H.23 Headings

Titles and headings of the provisions to this Subcontract are for the convenience of reference, do not form a part of this Subcontract, and shall not affect its interpretation.

H.24 Covenants

Subcontractor shall not compete directly or indirectly as a teammate, or otherwise participate in proposal activities or capture activities for contract renewals to Parallax's Primary Contract, options for contract renewals to Parallax's Primary Contract, or natural follow-on business to Parallax's Primary Contract during the term of this Subcontract, without the prior written approval of Parallax. Subcontractor agrees that this restriction is reasonable. Nothing in this Subcontract shall preclude Subcontractor from offering or selling its standard commercial products or services to any third party.
