Administered by:   THE OHIO STATE UNIVERSITY

Funded by: 

SERVICES & IMPACT

Mission:

OFRN has the mission to stimulate Ohio's innovation economy, create leading edge technologies, and drive job-growth in Ohio by building vibrant, statewide university/industry research collaborations that meet the requirements of Ohio's federal installations.

Services:

Commercialization/ Tech Transfer & Transition

Identify the best market(s) for your technology, and move your technology from concept to market quickly and efficiently

Networking, Collaboration & Team Matchmaking

Make new connections, build teams, and share ideas with likeminded individuals to evolve your technology and/or scientific capabilities

Workforce Development

Leverage our workforce development services to help you spin out new businesses, create high-quality jobs in Ohio, and commercialize your technologies.

R&D Funding

Apply for OFRN open solicitation rounds and earn government funding to move your technology from idea to reality

Marketing & Communications

Work with our marketing and communications team to develop case studies, success stories, and demonstration videos about your OFRN-funded technologies and we'll promote these stories across the web, in media, and at various events.

Education, Training & Proposal Navigation

Learn how to write successful proposals and pitch your technology to potential government customers with our education & training and SBIR/STTR proposal navigation services.
